ABSTRACT

The "Catalog of ERIC Clearinghouse Publications" lists approximately 500 titles of publications prepared by the ERIC Clearinghouses and currently available in original copies from them. It is the equivalent of a "Books-in-Print" for the ERIC Clearinghouses. The titles listed range across the past several years. Titles are arranged by Clearinghouse and within Clearinghouse by type of publication, e.g. digests, trends and issues papers, Q&A's, books, literature reviews, etc. Each entry provides only title, order number, and price. A comprehensive subject index provides access to the titles by subject (ERIC Descriptor). This catalog is to be distinguished from the annual "ERIC Clearinghouse Publications" which is subtitled "an annotated bibliography of information analysis products and other major publications of the ERIC Clearinghouses, January-December Year ." This latter publication lists only the ERIC Clearinghouse publications announced in "Resources in Education (RIE)" during the year just past. (AA)

The Educational Resources Information Center (ERIC)–
A nationwide education information service sponsored by the
Office of Educational Research and Improvement, U.S. Department of Education

New Journal Highlights Important Education Research, Practices, and Resources

The Educational Resources Information Center (ERIC) introduces the premier issue of The ERIC Review–a publication to provide education practitioners with education research and news they can use.

Published three times a year, this new journal is designed to help the education community stay informed of recent research findings and critical trends and issues in education. It is also a tool for announcing important ERIC system developments, new products, and services.

The ERIC Review is written for education practitioners, especially teachers, professors, principals, and education students. Information in The ERIC Review will also be useful to librarians, researchers, school administrators, and others who need to stay abreast of what is happening in education and in ERIC.

Free subscriptions are available by calling 1-800-USE ERIC.

Two New Publications Help You Use ERIC

Two new publications to help you use ERIC–A Pocket Guide to ERIC and All About ERIC–are available free by calling 1-800-USE-ERIC. The revised Pocket Guide briefly describes the resources available through ERIC and serves as a quick reference for answers to commonly asked questions. It provides a directory of ERIC Clearinghouses as well as the telephone numbers of other ERIC-related information sources. The Pocket Guide's new format makes it easy to use and convenient for both new and current ERIC users.

More comprehensive than the Pocket Guide, All About ERIC offers a detailed description of the ERIC system, explains how to use ERIC products and services, and provides information on how organizations can become ERIC partners. This booklet serves as a useful reference tool for librarians, educators, and students, providing information on searching the ERIC database, obtaining ERIC documents, and submitting documents for inclusion in the database.

To order any of these free publications, call 1-800-USE-ERIC, Monday through Friday, 8:30 a.m. to 5:30 p.m. (eastern time), or write: ACCESS ERIC, 3C, 1600 Research Boulevard, Rockville, MD 20850. On request, bulk quantities of A Pocket Guide to ERIC and All About ERIC are available to schools, libraries, and other organizations.
